

International Friendship Day

International Friendship Day is a day dedicated to the understanding of Singapore's relations with neighbouring countries and beyond. More importantly, we need to teach them that such relations cannot be taken for granted.

All ten countries work together with

- One Vision
- One Identity
- One Community

CHIJ celebrated International Friendship Day (IFD) on the 7th April 2017. The theme for this year's celebration was 'ASEAN 50'. The aim was to create awareness for the pupils to understand the purpose of ASEAN in terms of its roles, importance as a regional organization and to value the relationships among the countries in ASEAN.

Our pupils had a great time during their recess participating quiz to help earn points for their respective house colour.

As pupils gained deeper insights and wider knowledge about the cultures of different countries, we hoped that they will become globalised citizens who can contribute greatly to the building of our nation Singapore!
