

# CHILDREN'S DAY 2017

## *Ice Cream Booth*

Children's Day was celebrated in IJ Primary on 5 October and I had the privilege to help out at the ice cream booth together with two other enthusiastic parent volunteers, Carolina and Julia.

At recess, we saw the girls from different levels stream into the canteen in high spirits and the entire atmosphere was soon livened up by their chatter and laughter. Not long after, a long queue formed at our ice cream booth. I was warmly greeted by the girls' sweet smiles and polite thank you's as I handed out the coupons to them. I must compliment our girls for although they were excited about the sweet treat, they were patiently queueing up for their turn too. It certainly also warmed my heart to see many happy faces enjoying their ice cream treats.

Being a PV that day was memorable for me as I got to experience Children's Day celebration in IJ together with fellow parent volunteers and I was also very glad that I could be a part of my daughter's school life. The event was well organized and one could easily sense a strong esprit de corp in the school community.
