

DADS FOR LIFE - TELEMATCH

This was the first Dads for Life event that my daughter and I have attended, and we didn't know what to expect. We almost didn't go as I wasn't feeling very well the day before, but we're thankful that we went in the end.

It was nice for the fathers (myself included) to tear their eyes off their phones for a while, to have a real conversation with our daughters. I enjoyed sitting in the canteen chatting with my daughter, finding out where her favourite table was, which stalls she liked to buy food from, and who she hung out with during recess.

We enjoyed the games that were organised, and seeing how competitive yet encouraging the daddies and daughters could be. I could see that the girls enjoyed the craft time too, showing off their creativity and working with their fathers on a nice memento of the event.

I know a lot of preparation went into organising this day and my daughter and I wish to express our appreciation to all who were involved in the planning and running of the event. Thank you and God bless!
