

2020 P6 Grad Tea Party

2020 will always be remembered as a very challenging year from all the other years. Due to the COVID-19 pandemic, the P6s had a unique celebration, a “mini” one as compared to the lavish ones held in the school hall in previous years.

This year, the girls had a smaller party in their respective classrooms. Despite the massive downgrade, the girls were able to lift their spirits by innovating with their own games. They also held talent shows in which the girls showcased their diverse talents and performed in front of their classmates. The emcees were very charismatic and even created videos to entertain the class.

Ms Chandra, the Co-Form Teacher from P6 Hibiscus bought some props for the photoshoot for the class and Form Teacher Ms Jeanette Tan bought balloons to decorate the classroom. The girls were very touched by their teachers’ thoughtfulness.

Each girl was given a snack pack which consisted of Polar puffs and a packet of drink. The Central Parent Council (CPC) presented each girl with a goodie bag (photo on left). There was a booklet which had wonderful and encouraging messages from School Principal Dr Lee, both Vice Principals, Mrs Simon and Ms Charmaine Lee, and all the respective Form Teachers from each class. The booklet was beautifully decorated with the girls’ photos, their Form Teachers and Co-Form Teachers.

In the short span of 2 odd hours, our girls still had a great time and enjoyed themselves.

I hope that next year will be a better year for the next batch of P6s.

May God bless the Principal, Vice Principals, teachers, girls, school support staff and the CPC!
